Educating Staff and Citizens

Aarhus Municipality
Presented by Cecilie Høegh Langvad

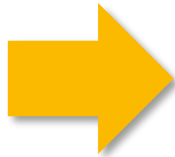

SUNDHED  OMSORG

Why educate staff?

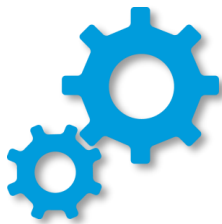

Vision

- Healthy transfer culture
 - Implementing assisted living technologies
 - Common direction and goals
-

Effect

- Fewer transfer accidents
 - Fewer sick days
 - More solo transfers
-

Method

- Flexibility, quality, simplification and efficiency
- Network
- Involvement of citizens
- Support of the managers
- Qualified education in transfer techniques
- Practice training

How do we educate staff?

- Organizing education in assisted living technology, assisting aids and ergonomics/transfer
- All new employees
- Brush up for all employees every 2 years
- Systematic training i practice
- 5.700 employees

Børge

- Level of function

Anna

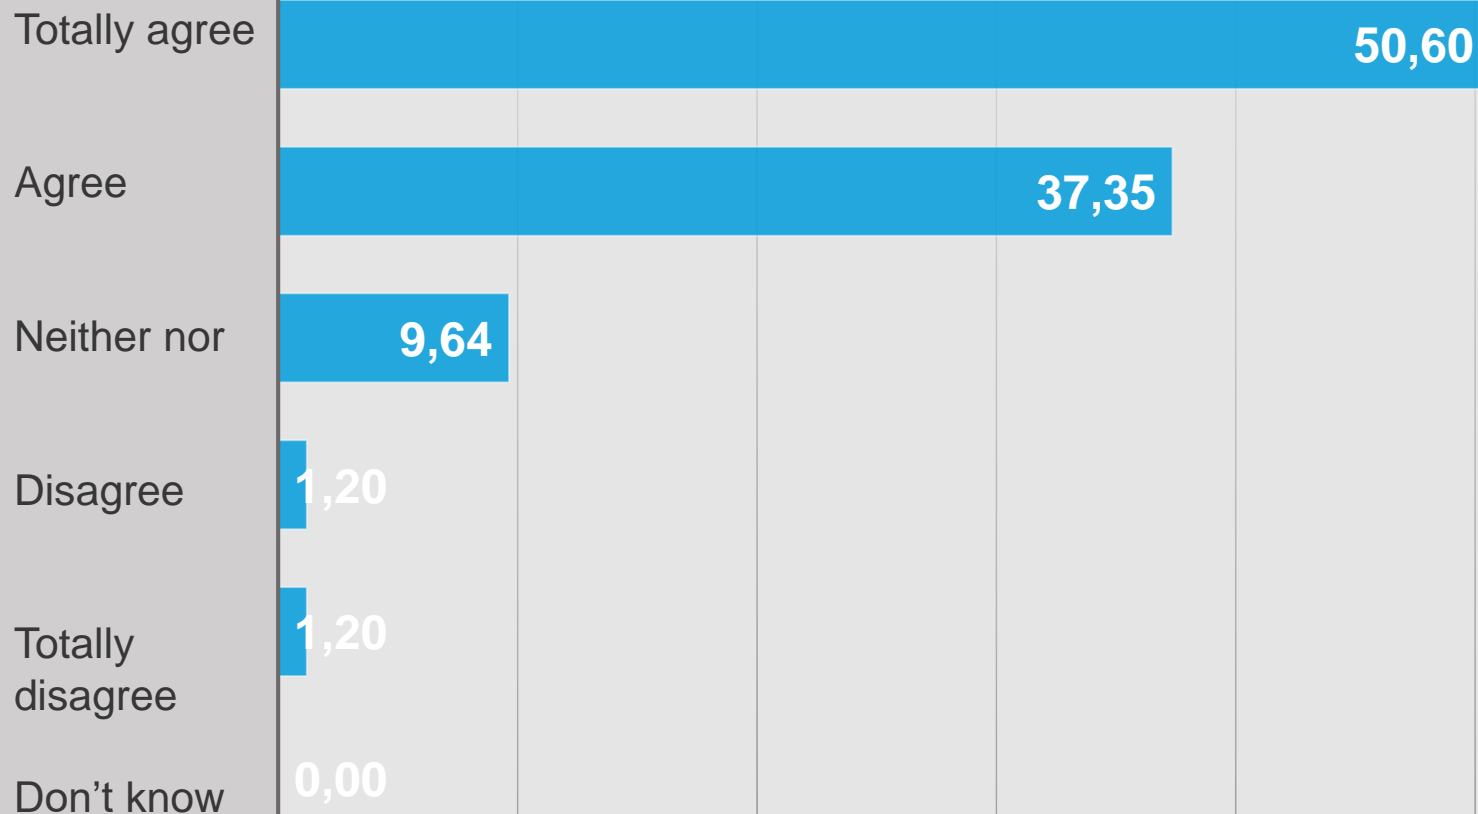

Carla

Evaluation of education – so far!

I am satisfied with the course

Assisted Living Technology Educational Center

Raizer – assisting aid to mobilize citizens after falling down

Solo transfer – placement in a wheelchair

Turning with two technologies - slide sheets and ceiling hoist

Nursing with Carendo

Why educate citizens?

- Maintain self reliant
- Master their own life
- But how? Any ideas?
- And what about the volunteers?
