

Consent form

Pictures and video – Children under 15 years

General information about Children and Young peoples use of pictures/video

Children and Young People alone take harmless pictures and videos of children and young people. This means that the pictures and videos do not exhibit, offend or exploit the child. The purpose of photos and video of your child will always be to inform the citizens of the City of Aarhus, including especially you as parents, what tasks Children and Young People handle. Children and Young People can, without your consent, publish harmless pictures and videos on Children and Young People's ordinary communication platforms (AULA, BørneIntra, Aarhus Municipality's website with subpages, etc.).

In some cases, we need your consent

In some special situations we require your consent so Children and Young People are allowed to publish pictures or video of your child. This may be because the image or video shows sensitive personal information about your child (eg disability or religious beliefs), or because Children and Young People want to publish the image or video on a communication platform other than Children and Young People's usual communication platforms (eg printed booklet) - or both.

In case of doubt, the Danish version of this text applies.

To be filled by the institution

Name of institution: *Children and Young People, City of Aarhus (Børn og Unge, Aarhus Kommune)*

Description of pictures/video with sensitive personal information and/or special communication platform:

- ungnord.com; promotional and reporting purposes for YCFL before and after the event.

To be filled by custodian

I consent to:

☐ Children and Young People/the institution may take pictures/video of my child containing sensitive personal information as described above

and/or

☐ Children and Young People/the institution may publish pictures/video of my child on a special communications platform as described above

Consent can be revoked at any time by contacting your child's institution. The revocation will only have effect from the time of revocation and onwards. Your statement of consent is journaled together with a copy of the pictures/video in our electronic journal system eDoc. You can read more about how we process your and your child's personal information at: www.aarhus.dk/om-kommunen/databeskyttelse/ in Danish.
